

# NARAYANA MEDICAL COLLEGE

Chinthareddy Palem, NELLORE-524003

## Ethics Awareness Program

As per the instructions from the Registrar of APMC, Andhra Pradesh, an Ethics Awareness session for interns was conducted on 6-1-2026 to help interns understand and practice the core values that guide professional behaviour in the workplace, including honesty, integrity, respect for others, and responsibility in completing tasks and communicating with colleagues. The session also emphasized the importance of protecting confidential information and not sharing sensitive data outside authorized channels, thereby building trust with the organization and its clients. Ethical awareness enables interns to maintain professionalism, adhere to company policies, respect diversity, and act responsibly when facing difficult decisions or ethical dilemmas, ultimately contributing to a positive learning environment and establishing a strong foundation for future career success.

**Speakers:** Dr.P. Sreenivasulu Reddy MD, Dean Narayana Medical College

**Topic:** Challenges & Dilemmas in the implementation of ethics in medicine
