## **Annual Gender Sensitization Plan** **Narayana Medical College - Academic Year 2023-24**

The gender sensitization committee during its year-end meeting discusses the annual plan. Incorporating the suggestions from all the members and noting the social situation of the country, an annual plan of activities is planned. These plans are mainly targeted toward gender sensitivity and women's empowerment. The plan also proposes establishing facilities to strengthen women's avenues. The annual gender sensitization plan for the year 2023-24 consists of the following salient features.

### **Vision**

To create a safe, inclusive, and gender-equitable learning environment that promotes respect, equality, and empowerment among all students and staff.

### **Objectives**

- To promote awareness on gender equality and gender roles.
- To prevent and address gender-based discrimination and sexual harassment.
- To strengthen the functioning of ICC and WDC.
- To enhance safety and empowerment of girl students.
- To incorporate gender sensitization components within academic and co-curricular activities.

### **Committees Responsible**

- Internal Complaints Committee (ICC)
- Women Development Cell (WDC)
- Institutional Ethics Committee (IEC)
- Department of Community Medicine
- NSS Unit
- IQAC

### **Annual Activity Plan (Month-wise)**
