|----------|-----------------------------|--|
| 1 | TITLE OF THE CONTENT | ADVANCED CARDIAC LIFE SUPPORT. |
| 2 | OBJECTIVES. | <p>1 To aid in the acquisition of new skills, the review of previously acquired skills, or the evaluation of clinical abilities.</p> <p>2. To create an environment conducive to nursing excellence.</p> <p>3. To enhance our ability to overcome our own concerns and to work in a secure environment while using a variety of task trainers, simulators, and actual medical equipment.</p> |
| 3 | THE CONTEXT. | <p>Whether using a simple task trainer, a complicated full-body manikin, or a peer, simulation activities will be a crucial component of all of these features. Students can imitate a clinical environment by using the given equipment and supplies, allowing them to learn and practice safely without endangering their patients..</p> |
| | THE PRACTICE. | <p>1. Faculties prepare planning, models, educational chart, latest book for better demonstration.</p> <p>2. Students are assigned to mentor.</p> |

| | | |
|---|---|---|
| 5 | EVIDENCE OF SUCCESS | <ol style="list-style-type: none"> 1. Improved skill and build confidence among the students. 2. Bond between mentor and students strengthened. 3. Improved discipline and human environment. 4. Good result with maximum first class. 5. Good ranking with feedback process. |
| 6 | OUTCOME OF ADVANCE NURSING SKILL LAB | <ol style="list-style-type: none"> 1. Advance nursing skill lab is bridging the gap between theory and practice. 2. By using advance skill lab students will be improved their psychomotor skills as well as they build confidence among the teachers. 3. Faculties and students get hands-on learning experiences specific to course objectives as directed by the nursing curriculum. 4. Accommodate unique learning needs of students with diverse backgrounds, abilities and educational experiences. 5. Foster independent student learning opportunities, which promote a model for life- long learning. |
| 7 | PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED. | Equipment can be damaged as a result of failing to nursing to follow nursing lab policies and procedures. |
