## REPORT ON WORLD CANCER DAY – 2025 ACTIVITY REPORT

### Objective:

The primary objective of the event was to place people at the center of care and explore innovative ways to make a difference in the fight against cancer. This aligns with the global mission of World Cancer Day to raise awareness, inspire change, and reduce the global impact of cancer.

regular screenings was conducted. Participants engaged in interactive discussions, sharing personal experiences and insights related to cancer care and prevention.

**Awareness activities included:**

- A health talk on the importance of early detection and lifestyle modifications to reduce cancer risk.
- Distribution of informational pamphlets to enhance public understanding of cancer-related issues.
- A community pledge to support cancer awareness initiatives and encourage regular health check-ups.
- Cancer awareness rally was conducted

**Outcome:**

The event successfully assessed the progress made in cancer awareness and control within the community

**Key outcomes included:**

- Increased awareness among participants about cancer risk factors, prevention strategies, and the importance of early detection.
- Identification of local challenges in cancer care, including limited access to screening facilities and the need for continuous community education.
- Development of action plans to address these challenges over the next five years, focusing on enhancing awareness programs, improving access to healthcare services, and fostering community involvement in cancer prevention efforts.

**Conclusion:**

The "United by Unique" event on World Cancer Day 2025 effectively united participants in the shared goal of combating cancer. It fostered a sense of community responsibility and highlighted the critical role of education, early detection, and support systems in reducing the cancer burden. The insights and action plans generated during the event will serve as a foundation for future initiatives aimed at addressing cancer-related challenges in Venkatachalam Village.
