

PRINCIPAL's DESK

Dear Parents

Greetings!

At Narayana e-Techno School, we are committed to delivering quality education in alignment with the guidelines of the Central Board of Secondary Education (CBSE) and the vision of the National Education Policy (NEP) 2020. Our academic framework focuses on competency-based learning, conceptual clarity, and the holistic development of every learner.

We strive to create a safe, inclusive, and learner-centric environment that promotes intellectual growth, ethical values, discipline, and emotional well-being. Through structured academic planning, continuous teacher professional development, and effective assessment practices, we ensure that teaching–learning processes remain transparent, accountable, and outcome-oriented.

The Narayana Group's legacy of academic excellence and innovation guides our approach to education. Along with scholastic achievement, we emphasize life skills, critical thinking, physical fitness, and co-curricular activities to prepare students for future academic and professional challenges.

We value the collaborative partnership between parents, teachers, and students, recognizing it as an essential component of a child's educational journey. Together, we aim to nurture responsible, confident, and socially aware citizens who contribute positively to society.

I invite you to explore our website to gain insight into our academic practices, infrastructure, achievements, and initiatives that support continuous improvement and excellence in education.

With Best Wishes,

Deepa Dangwal

Principal
