Vision of the institute

To be one among the premier institutions of the country for professional education in producing technocrats with competent skills, Innovative ideas and Ethics to serve the nation.

Mission of the institute

To provide an environment most conducive to learning with state-of-the-Art infrastructure, well equipped laboratories and research facilities to impart high quality technical education.

To emphasize on innovative ideas and creative thinking and prepare them to meet the growing challenges of the industry.

To inculcate the leadership qualities, multi-disciplinary approach, Ethics and lifelong learning in graduates to serve the diverse societal needs of our nation.

Vision of the Department

To produce globally competent software professionals in the field of Computer Science and Engineering to meet the needs of industry and society along with research and consultancy, lifelong learning, leadership qualities and ethics.

Mission of the Department

To deliver quality technical education by practicing innovative teaching learning processes making student's self-sufficient individuals.

To inculcate innovative thinking and problem solving skills in learners through training programs and collaborative interaction with industry.

To develop professional behavior with strong ethical values, leadership qualities and lifelong learning by providing value based education.

PEOS

PEO-1: To Attain higher positions in career by exhibiting expertise in solving real world problems.

PEO-2: To Fill technical gaps and take leadership roles and achieve substantive results for the development of the organization.

PEO-3: To Adapt to rapidly changing technologies through Lifelong learning.

(PROGRAM SPECIFIC OUTCOMES) PSOs

PSO 1: Software Product Development: Apply the principles and practices of software Engineering for developing quality software applications.

PSO 2: Employment: Get employed in industries through their knowledge attained in Basic and advanced programming languages, specialized software packages or become an entrepreneur.

(PROGRAM OUTCOMES) POs

1. Engineering Knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

2. Problem Analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

3. Design/Development of Solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

4. Conduct Investigations of Complex Problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.

5. Modern Tool Usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.

6. The Engineer and Society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.

7. Environment and Sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.

8. Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.

9. Individual and Team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multi disciplinary settings.

10. Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.

11. Project Management and Finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multi disciplinary environments.

12. LIFE-LONG LEARNING: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

NIPUNA-2K19 (One Day National Level Technical Symposium)

The Department of Computer Science and Engineering, Narayana College of Engineering, Gudur had conducted a National level Technical Symposium on 19th October 2019. The symposium was titled as NLTS-2K19. That day greeted us with pleasant and memorable moments.

The inauguration began and was enlightened with a special prayer .The program was followed by Jyothi Prajwalana. A welcome address was delivered by our beloved HOD of CSE Prof P.Venkateswara Rao. Followed by which presidential address was delivered by our respected principal Dr. Ch.V.S.Parameswara Rao who kindled the minds of students with knowledge and power. The management secretary Sri. Y.Vinay Kumar addressed the gathering with inspirable speech.

The inaugural address was delivered by our chief guest P.Gopi Krishna, Group Director, Management systems, SHAR, Sriharikota and Mr.S.V.Ramana Murthy, Vice President, Code tantra who made our event memorable and guided students about the on-going trends. The innovations, creativity and ability of students were driven out by the release of souvenir. The Inauguration came to a finish with A.V.Presentation, welcome dance and finally concluded with vote of thanks which was delivered by student association vice president and it was followed by high tea. All technical and non technical events conducted in 3rd floor of CSE department in various rooms, students from 9 different colleges like ASIT,NECN,GKCE,SVIST,SVCE,ASAT,SANK,SVCN,PVRVITS participated. We have total count of 500 students (internal and External) registered for different events.

Seminar on Recent Trends in Engineering and Technology

The Department of Computer Science and Engineering of Narayana College of Engineering, Gudur had conducted a Seminar on **Recent trends in Engineering and Technology** in association with CSI on **17th August 2019** by **Mr. D. Sai Sathish, CEO, Indian Servers, Vijayawada**. The resource person had been introduced by the **HOD Dr. P. Venkateswara Rao**. Followed by the principal **Dr. Ch.V.S. Parameswara Rao** who addressed the students and explained the importance of Recent trends in Engineering.

Seminar on Best Practices for Competitive Coding

The Department of Computer Science and Engineering of Narayana College of Engineering, Gudur had conducted a Seminar on **“Best Practices for Competitive Coding”** in association with **Nirvin IT Solutions** under **IIIC** on **30th August 2019** by **Mr. P. Yaswanth Sai, Software Developer, CDK Global, Hyderabad**. The resource person had been introduced by the **HOD Dr.P. Venkateswara Rao**. Followed by the principal **Dr. Ch.V.S.Parameswara Rao** who had addressed the students and explained the importance of Coding Club. He had explained the importance of improving implementation skills, how to practice and choose a language and discover the best ways to start learning. A total of 109 students have benefitted from this seminar.

Seminar on Recent Advances in Cloud Computing

The Department of Computer Science and Engineering of Narayana College of Engineering, Gudur had conducted a Seminar on **“Recent Advances in Cloud Computing”** in association with **Secnet Technologies** under **IIIC** on **30th August 2019** by **Mr. P. Deepak Roy, Senior Consultant, Capgemini, Bangalore**. The resource person had been introduced by the **HOD Dr.P. Venkateswara Rao**. Followed by the principal **Dr. Ch.V.S. Parameswara Rao** who had addressed the students and explained the importance of Cloud Computing. A total of 115 students have benefitted from this seminar.

A Seminar on Career Counselling and Opportunities

A Career Counselling Seminar was held for the students of IV B.Tech CSE on **16th September 2019** by the resource person **Mr. D. Sai Satish**, CEO from Indian Servers, Vijayawada. The first session was for students of the technical stream. The seminar was organized with an intention to make students aware about the scope of opportunities for students to develop a career in IT field. The seminar was largely attended by a group of students who were desirous and ambitious to develop themselves for facing the challenges in the career development. Thus, the whole

program concentrate on how students can attain success in their career and grasp opportunities both within the in the country and abroad. Professor and Head Dr.P.Venkateswara Rao, Dr.V.Sucharitha were the prominent persons who attended it.

Seminar on Machine Learning

The Department of Computer Science and Engineering of Narayana College of Engineering, Gudur had conducted a Seminar on **Machine Learning** under **IIIC** on **16th September 2019** by **Ms. P.Sai Sahithya, Programmer Analyst Trainee, CTS, Bangalore**. The resource person had been introduced by the **HOD Dr.P. Venkateswara Rao**. Followed by the principal **Dr. Ch.V.S.Parameswara Rao** who had addressed the students and explained the importance of Machine learning, the resource person had explained how to measure the quality of any solution .A total of **95** students have benefitted from this seminar.

Seminar on Wireless Sensor Networks Enabled Internet Of Things

The Department of Computer Science and Engineering of Narayana College of Engineering, Gudur conducted a Seminar on **Wireless Sensor Networks Enabled Internet of Things** under **IIIC** on **16th September 2019** by **Ms.P.Usha Rani, Project Engineer,WIPRO, Hyderabad**. The resource person had been introduced by the **HOD Dr.P. Venkateswara Rao**. Followed by the principal **Dr. Ch.V.S.Parameswara Rao** who had addressed the students and explained the importance of Wireless sensor networks. She had explained what are design issues of wireless sensor networks, what are the applications of sensor networks. A total of **112** students have benefitted from this seminar.

A Workshop on Importance of Programming using C Language

The Department of Computer Science and Engineering of Narayana College of Engineering, Gudur had conducted a Workshop on **Importance of Programming using C Language** on **6th September 2019** by **Mr. M.Amitesh, Code Tantra, Hyderabad**. The resource person had been introduced by the **HOD Dr.P. Venkateswara Rao**. Followed by the principal **Dr. Ch.V.S.Parameswara Rao** who had addressed the students and explained the importance of C Language.

A Workshop on Applied AI, ML and Deep Learning

The Department of Computer Science and Engineering of Narayana College of Engineering, Gudur had conducted a Three days Workshop on **Applied AI, ML and Deep Learning** in association with **CSI** from **11th to 13th September 2019** by **Dr. V. Anantha Natarajan**, Faculty from Bennet University, Greater Noida & SVEC. The resource person had been introduced by the **HOD Dr. P. Venkateswara Rao**. Followed by the principal **Dr. Ch.V.S. Parameswara Rao** who had addressed the students and explained the importance of Artificial Intelligence and Machine Learning.

Workshop on Chatbot Development using AI & ML in association with CSI

The Department of Computer Science and Engineering of Narayana College of Engineering, Gudur had conducted a Workshop on **Chatbot Development using AI & ML** in association with **CSI** from **11th to 12th September 2019** by **Mr. Vishnu Varma, Cloud App Developer, Smart Bridge Educational Services Pvt. Ltd.** The resource person had been introduced by the **HOD Dr. P. Venkateswara Rao**. Followed by the principal **Dr. Ch.V.S.Parameswara Rao** who had addressed the students and explained the importance of Artificial Intelligence and Machine Learning.

Personality Development and Enhancement in Communication skills

The Department of Computer Science and Engineering of Narayana College of Engineering, Gudur had conducted a seminar on **Personality Development and Enhancement in Communication skills** on **22th August 2019** by **Mr.O.C.S.Reddy** in Association with **After Campus Pvt.Ltd.** The Resource person had been introduced by the **HOD Dr.P. Venkateswara Rao**. HOD had addressed the students on significance of this program. Mr.O.C.S Reddy had explained the importance of personality development and communications skills.

Awareness Program on Higher Education

The Department of Computer Science and Engineering of Narayana College of Engineering, Gudur had conducted Awareness Program on **Higher Education** on **5th September** by Mr.P.Kiran, Developer, SKML Enterprises, Hyderabad. The Resource person had been introduced by the HOD Dr.P. Venkateswara Rao. Followed by the principal Dr. Ch.V.S.Parameswara Rao who had addressed the students on significance of this program. Mr.P.Kiran explained the awareness on higher education.

Guest Lecture on Software Testing

The Dept of Computer Science and Engineering of NECG had conducted a Guest lecture on **software testing** for the Third Year B.Tech students from **3rd October 2019** to **4th October 2019**. The Resource Person was **Dr.B.Narendra Kumar Rao, Prof & HOD, Sree Vidyanikethan College of Engineering, Tirupati**.

During the sessions, he explained the importance of Software Testing and different types of Software Testing strategies. He enlightened the students about the skills set required by Software Testers, the career path and also shared his personal industrial experience with the audience in Automation of Testing. He specially mentioned that Java and Python are the languages / scripts which are in demand in the field of testing. A total of 117 students have benefitted from this seminar.

Guest Lecture on Women in Engineering & Related Fields under Women's Forum

The Department of Computer Science and Engineering Women's Forum of Narayana College of Engineering, Gudur had conducted a Guest Lecture on **Women in Engineering & Related Fields** in association with **ISKON** on **23rd September 2019** by, Mr.M.Bhanu Prakash, Motivational Speaker, Mumbai. The Resource person had been introduced by the HOD Dr.P. Venkateswara Rao & HOD addressed the students on the significance of the Guest Lecture.

The primary objective of Women in Engineering & Related Fields guest lecture is to compare the differences in knowledge and practices regarding Engineering & Related Fields students of NECG along with assessment of any perceived barriers.

Awareness program on Women in Entrepreneurship under Women's Forum

The Department of Computer Science and Engineering Women's Forum of Narayana College of Engineering, Gudur had conducted a Guest Lecture on WOMEN IN ENTREPRENEURSHIP on **16th September 2019** by, Ms.N.Divya, Famous Fashion Designer, and Nellore. The resource person had been introduced by the HOD Dr.P. Venkateswara Rao & HOD addressed the students on significance of the Guest Lecture.

The primary objective of **WOMEN IN ENTREPRENEURSHIP** Awareness program is to compare the differences in knowledge and practices regarding Improve women's professional qualifications in engineering by organizing a development program i.e. through training on business matters, confidence and self-awareness of oneself and techniques related to the care of dependent. Students of NECG along with assessment of any perceived barriers.

A VALUE ADDED COURSE on TESTING TOOL, SELENIUM

Department of Computer Science and Engineering , Narayana Engineering College, Gudur had conducted a **special course in view of placement training** on **TESTING TOOL, SELENIUM** from **01st October 2019** to **05th October 2019** by the Resource Person **Mr. P.Subramanyam Software Trainer, Assistive Technologies, Hyderabad**. A Total number of **25 students** from Third Year CSE have benefited throughout this course. The main goal is to shortly describe all components needed to automate test scenario and run it.

A Value Added Course on APPMANIA

A four Day value added course on “**AppMania (Mobile Application Development)**” was organized by the Department of CSE in Association with Sphere Soft Solutions Pvt.Ltd, Hyderabad from **24th October 2019** to **28th October 2019**. Mr. Y. Vinay Kumar, Managing Secretary, NECG, Dr.Ch.V.S. Parameswara Rao, Principal, NECG, and Dr. P. Venkateswara Rao, HOD, CSE Department., NECG had addressed the audience and motivated them to bring out their skills with innovative thoughts. The workshop was aimed at nurturing mobile application development skills among the final year CSE students. K.Harish, Trainer, Sphere Soft Solutions Pvt.Ltd, Hyderabad served as the resource person and conducted the four day Course.

A Certificate course on Java Programming

The Computer Science and Engineering department had conducted a certificate course on “**JAVA PROGRAMMING**” a five day program by associating with Xcelerator Bangalore.

The complete course duration was five days from **21/10/2019** to **25/10/2019** and took 30+ hours. 92 nos. of students from II, III & IV Years of CSE department have participated.

On Completion of the course students can be able to

- Create Java programs to solve simple business problems.
- Validate user input.
- Construct a Java class based on a UML class diagram.
- Perform a test plan to validate a Java program.
- Document a Java program.

Resource persons from Xcelerator Bangalore, completed the certificate course successfully and enhanced confidence levels of each and every student to help them to get success in their future endeavors. However, that program could prove expensive.
