

## Women in Leadership

08-09-2023

The Department of Computer Science and Engineering Women Forum wing of Narayana College of Engineering, Gudur has conducted a Eassy Writing for the topic of "**Women in Leadership**" on 8<sup>th</sup> September,2023. Women in leadership roles have become increasingly prevalent and recognized for their contributions across various sectors and industries. While historically underrepresented in leadership positions due to systemic biases and societal norms, women have been breaking barriers and making significant strides in recent decades. Here are some key points to consider regarding women in leadership:

1. Representation
2. Challenges
3. Benefits of Diversity
4. Role Models and Mentorship

The students participated in the programme with great enthusiasm and also promised to preserve the Women in Leadership.
