Program on Road Safety and Helmet Usage” on 10-06-2024 in association with RTO, Gudur.The primary purpose of the Road Safety extended beyond merely raising awareness. The primary purpose of the Helmet Usage extended beyond the mere provision of safety gear; it aimed to instil a culture of road safety consciousness and responsibility among college students and staff. This program sought to emphasize the importance of wearing protective gear while riding motorcycles or bicycles, thereby reducing the risk of head injuries and fatalities in road accidents. In this event, Principal, NSS Programme Officer N.Koteswara Rao, faculty members along with students were present as decent audience.

Awareness Program on World Environment

REPORT: NSS unit celebrated 'World Environment Day' on 05-06-2024. The NSS units organized a series of activities to mark World Environment Day, engaging students, faculty, and community members. As part of this, we conducted Group discussion and JAM session. The theme for World Environment Day 2024, "Restore Our Earth," focuses on ecosystem restoration and the urgent need to revive natural habitats. This theme underscores the significance of reforestation, sustainable agriculture, pollution reduction, and biodiversity conservation. NSS volunteers made a significant contribution to the theme "Restore Our Earth." Moving forward, sustained efforts and increased collaboration will be essential to continue making a positive impact on the environment.

NSS PROGRAMME OFFICER

REPORT ON BIRTHDAY OF BABU JAGJEEVAN RAM

REPORT:

Babu Jagjeevan Ram Jayanthi was celebrated with great enthusiasm and reverence by our NSS unit at Narayana Engineering College, Gudur. The event was held to honor the

memory and contributions of Babu Jagjivan Ram, a prominent Indian freedom fighter, social reformer, and politician. The celebration was attended by students, faculty members, and staff, showcasing the unity and respect for this great leader.

The program commenced with the garlanding of Babu Jagjivan Ram's portrait, followed by a series of enlightening speeches by our esteemed faculty members. The Principal emphasized the importance of Babu Jagjivan Ram's work in fighting for social justice and equality. He highlighted how his legacy continues to inspire generations to work towards an inclusive and egalitarian society.

NSS Programme Officer N. Koteswara Rao also addressed the gathering, shedding light on the life and achievements of Babu Jagjivan Ram. He discussed how Babu Jagjivan Ram played a pivotal role in the Indian freedom struggle and later, in the Indian political landscape, advocating for the rights of the underprivileged and marginalized communities.

Overall, the celebration of Babu Jagjivan Ram Jayanthi at Narayana Engineering College, Gudur, was a resounding success. It served as a reminder of the enduring legacy of Babu Jagjivan Ram .

REPORT ON SYSTEMATIC VOTERS EDUCATION AND ELECTORAL PARTICIPATION

REPORT:

An Awareness programme on the "Systematic Voters' Education and Electoral Participation (SVEEP) Program" was organized by our NSS unit at Narayana Engineering College, Gudur. The event aimed to educate students, faculty members, and the local community about the importance of voting, the electoral process, and the need for active and informed participation in elections.

The SVEEP Program, initiated by the Election Commission of India, focuses on increasing voter awareness, registration, and turnout through continuous and systematic voter education. The primary objectives of the program are to promote informed and ethical voting practices, target marginalized groups, and ensure the accessibility of the voting process to all eligible citizens.

- **Raise Awareness:** Increase awareness among students and the local community about consumer rights and protection.
- **Educate Consumers:** Provide comprehensive information on consumer rights, responsibilities, and the mechanisms available for redressal.
- **Promote Ethical Consumption:** Encourage ethical consumption practices and highlight the importance of sustainable consumption.

The Participation program on the "Systematic Voters' Education and Electoral Participation Program" at Narayana Engineering College, Gudur, was a successful initiative that significantly contributed to increasing voter awareness, registration, and participation.

REPORT ON BLOOD DONATION CAMP

REPORT:

A Blood donation camp was organized by our NSS unit, in collaboration with Red Cross Society , Nellore, through which more than 135 units of blood was donated by both students and the staff members of our Narayana Engineering college. It is a way of Narayana Engineering College; Gudur gesture in bringing a ray of hope to contribute to the serious problems of acutes shortage of blood. India faces a blood shortage of 3 million units.

The problem can be addressed if an additional two percent of Indians donate blood, as opened by the Health experts. We need 12 million units of blood every year but just about nine million units are being donated. Our College has been religiously organizing blood donation camps every year and students and the faculty members come forward voluntarily to donate blood. While addressing to people at the camp our NSS volunteers brought awareness in them about shortage of blood and why we must donate blood every year, to help the persons requiring blood.

Blood donation can save lives of innumerable persons. Donation of blood is very critical and crucial for saving lives many patients and those who have met with accidents. It is as such a great service or contribution to the society and people living in it. In this event, Principal, NSS Programme Officer N.Koteswara Rao, faculty members along with students were present as decent audience.

We need 12 million units of blood every year but just about nine million units are being donated. Our College has been religiously organizing blood donation camps every year and students and the faculty members come forward voluntarily to donate blood. While addressing to people at the camp our NSS volunteers brought awareness in them about shortage of blood and why we must donate blood every year, to help the persons requiring blood.

Blood donation can save lives of innumerable persons. Donation of blood is very critical and crucial for saving lives many patients and those who have met with accidents. It is as such a great service or contribution to the society and people living in it. In this event, Principal, NSS Program Officer N.Koteswara Rao, faculty members along with students were present as decent audience.

Report On Awareness Programme On" Use Of Clay Ganesha Idols"

REPORT:

An awareness programme on the "Use of Clay Ganesha Idols" was organized by our NSS unit in collaboration with the Rotary Club, Nellore, on 16th September 2023. The event aimed to promote the use of eco-friendly clay Ganesha idols instead of traditional Plaster of Paris (PoP) idols, which have detrimental effects on the environment.

It served as a platform to educate and raise awareness about the environmental benefits of using clay idols. Our initiative is a step towards mitigating the pollution caused by PoP idols, which do not dissolve easily and release harmful chemicals into water bodies. Health experts have highlighted the severe impact of chemical-laden idols on water quality and marine life. By switching to clay idols, we can significantly reduce this pollution.

Our College has been actively promoting eco-friendly practices and has organized several such awareness programmes in the past. This year, the NSS volunteers prepared informative presentations and videos that showcased the adverse effects of PoP idols and the advantages of using clay idols.

During the event, Principal, NSS Program Officer N.Koteswara Rao, and other faculty members addressed the gathering, urging everyone to spread the message of eco-friendly celebrations within their communities. The awareness programme successfully highlighted the critical need for environmental conservation and promoted the use of biodegradable materials. By choosing clay Ganesha idols, we contribute to a cleaner, greener, and more sustainable environment.

REPORT:

The NSS unit of Narayana Engineering College, Gudur, organized a Helping Hands Programme on 14th Sep 2023, with the objective of donating essential provisions to the Abhayakshetram Orphanage Home in Renigunta. This initiative was a part of our ongoing efforts to contribute to the welfare of the underprivileged sections of society and to instill the values of social responsibility and empathy among our students.

The team gathered a variety of essential items such as rice, pulses, cooking oil, toiletries, and other daily necessities. These provisions were collected through donations made by the students, faculty, and other well-wishers. Upon arrival at the Abhayakshetram Orphanage Home, the team was warmly welcomed by the staff and residents. The donation ceremony was a heartfelt event where the students and faculty personally handed over the provisions to the orphanage management. The joy and gratitude expressed by the children and staff were deeply moving and reinforced the importance of community support and charity.

During the event, the Principal of Narayana Engineering College, the NSS Programme Officer N. Koteswara Rao, and other faculty members addressed the gathering.. The Principal emphasized that acts of kindness not only help those in need but also contribute to the personal growth and development of the students.

The students had the opportunity to interact with the children at the orphanage, sharing stories, playing games, and creating a joyful and engaging environment. These interactions helped to bridge the gap between the college community and the orphanage residents, fostering a sense of solidarity and mutual respect.

The Helping Hands Programme was a resounding success, achieving its objectives of providing essential support to the orphanage and promoting the values of empathy and social responsibility among the students. The event underscored the importance of giving back to the community and highlighted the impact that collective efforts can have in bringing about positive change.
